Dear Mr. Lunn,

Re: Miners Bay Dock

Barry Wilks, a member of the Association of Mayne Island Boaters, has requested that I send you a letter advising you of a motion that passed at a general meeting of the Association on April 19, 2009. That motion reaffirms the position taken in two much earlier previous letters sent or copied to multiple government agencies and community groups, including your office. We are aware of your support in this matter, thanks to copies of letters from you which Barry has provided to us.

We would be interested in understanding more exactly what steps your office has taken in the past two years to secure the necessary federal funds for the Miners Bay dock wharf head, to make it safe for the public. Perhaps you could include us in any communications you might have regarding progress in the future.

The motion reads "The Association of Mayne Island Boaters supports the barrier removal at the Miners Bay Dock".

Sincerely,

Al Maxwell

President of the Association of Mayne Island Boaters (AMIB)
